## INFO:

- **Bermuda - for almost all of us an unattainable exotic place of desire, the dream destination of paradisiacal conditions and the inspiration of songwriters and film makers.**
- **Bear Family Records® takes you there with Latin American rhythms, a touch of calypso, some rock'n'roll, hillbilly and pop with light lyrics, with rhumba, mambo and cha-cha-cha.**
- **The crew includes Marlon 'Madman' Mitchell, The Talbot Brothers of Bermuda, the Crew Cuts and The Dovells.**
- **Your escort and author of the illustrated travel guide is Roland H. Rumtreiber, who also took care of the careful technical processing of the recordings.**
- **Real fun in the summer and great music to chill out to in the early evening.**

Bermuda – the very sound of the word makes your gaze wander, your nerves tingle, and the palms of your hands wet with excitement. Bermuda – hardly anyone can afford to go, let alone live there. Bermuda – paradisiacal refuge and mysterious fata morgana amid a desert made of water.

Bermuda is the northernmost place of subtropical and tropical climes, created by a raging volcano and sculpted by colorful coral reefs. It is a place of marvels, dreams, and transcendence, perfect for lovers. Bermuda is an excellent inspiration for songwriters specializing in yearning lyrics, sweet melodies, and a passion for hot tropical rhythms. So – our latest addition to Bear Family Records' popular 'Destination Series': Bermuda – brings you a wide array of Latin rhythms (not native to Bermuda), some rough rock and roll, and even a souped-up hillbilly bopper by none other than Marlon 'Madman' Mitchell – who recorded one single for Vena Records and drifted off into obscurity (hopefully not into the Bermuda Triangle).

Featured prominently on our compilation are the islands' own Talbot Brothers - or The Talbot Brothers of Bermuda, as they are better known. Their light, breezy brand of calypso is represented by *Bermuda's Still Paradise*, a dash of merengue with *Bermudian Blues*, and four other titles from their extensive Talman Records catalog.

The Crew Cuts come along full throttle, rhumbaing their way to Bermuda. "*I see her lips on a coral*" is one of the lines that stick to your mind and make you want to jump in the ocean and search for that beauty – lustful sojourn if there ever was one.

You can also find songs about the beloved Bermuda Shorts: A delightfully deranged example is presented by 60s madmen The Dovells. Their *Betty in Bermudas* features a Farfisa organ that makes Sam the Sham sound sedated... If you like rhumba, mambo, cha-cha, calypso, and your lyrics on the light side, 'Destination Bermuda' is for you - no need to travel far. Get lost at home, grab an easy chair, get some sand between your toes (don't rob the bird's cage), fill up with a beverage of your choice, close your eyes – and relax! Welcome to Bermuda – big ease for a mid-price! Fill up again and get lost. Bear Family Airlines will take you to Bermuda (and maybe back).
